

INFINITY

EQUIPMENTS

Infinity Equipment manufactures high-quality components for industrial water and wastewater treatment, providing reliable solutions that enhance efficiency and sustainability in water management processes.

INFICONTROL▶

INFINITY microprocessor-based RO panels feature preprogrammed logic, motor safety, auto flushing, TDS monitoring, mimic diagram, and durable construction.

* Available in (1-1), (1-3) & (3-3) Phase.

INFICONTROL▶

Infinity Equipments designs ETP, STP, UF, and WTP panels with advanced automation, ensuring reliable control, monitoring, and system efficiency.

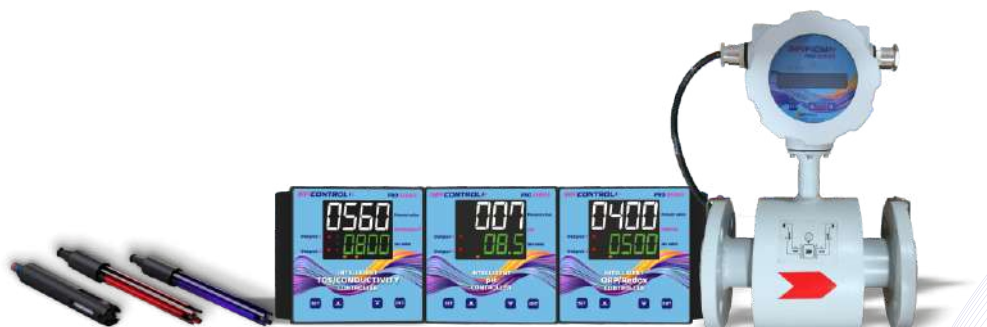

* Options like HMI, PLC, VFD, RS485 Modbus, and online data monitoring also available.

INFICONTROL▶

ORP/Redox Meter
TDS/Conductivity Meter
Ph Meter
Chlorine Meter
Flow Meter
Turbidity Meter
Magnetic Flow Meter

* Available all Digital Meters.
Available all Sensors.

INFINITY

INFIDOSE ▶▶

Metering Dosing Pumps
Solenoid-Driven Dosing Pumps
Mechanical Dosing Pumps
Plunger Dosing Pumps
Hydraulic Dosing Pumps

* All type Dosing System & All type Dosing Chemical also available.

INFICHEM ▶▶

Infinity Equipments provides high-quality dosing chemicals for water treatment, including anti-scalants, coagulants, pH adjusters, and biocides.

* Available in 5 liter, 25 liter & 40 liter.

INFIFILTRATION ▶▶

20" Jumbo Housing
20" Slim Housing
10" Slim Housing
2.5" Softener Housing

* Filtration Candles: Sediment, CTO, Wound, Threaded & More in All Sizes also available.

INFINITY

INFIFILTRATION ▶▶

Multi-Port Valve (MPV)

Durable, versatile valves for water treatment systems, simplifying operations like filtering, backwashing, and rinsing. Ideal for softeners, PSF, and ACF systems.

- * Available in all size top-mount and side-mount configurations.

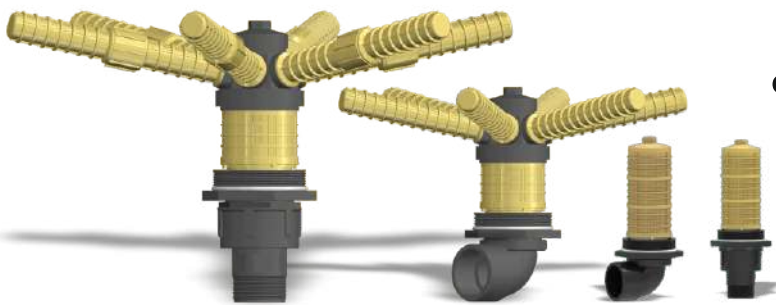

INFIFILTRATION ▶▶

Distribution System

Ensures uniform water and chemical flow in filtration, softeners, and ion exchange systems. Durable, efficient, and customizable for diverse applications.

- * Available in all sizes with straight and Elbow connections.

INFIFILTRATION ▶▶

Rotameters

A rotameter is a flow meter with a tapered tube and a float that rises as flow increases, showing the rate on a scale. It's simple, versatile, and requires no power.

- * Available in all Sizes.
Online / Panel Mount.

INFINITY

INFICONTROL ▶

Solenoid Valve (SV)

Nylon Solenoid Valves

SS Solenoid Valves

Brass Solenoid Valves

Pneumatic Ball Valves

Electronic Ball Valves

* Available in all Size.

INFIFILTRATION ▶

Vacuum breakers

Adaptors

S-bands

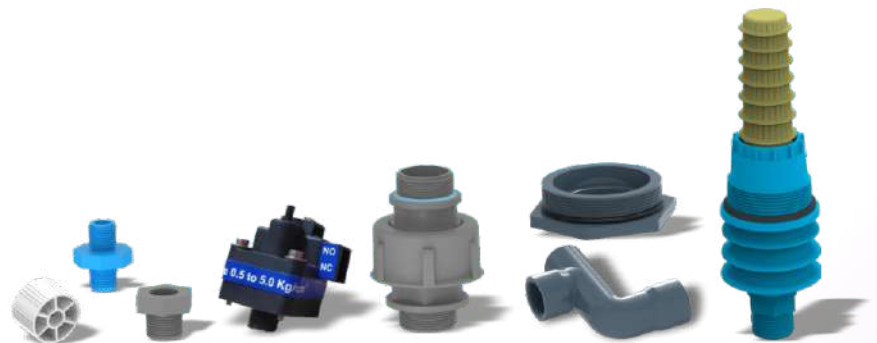

Connectors

MBBR media

Low Pressure Switch

High pressure Switch

* All Other Supported
Accessories also available.

WASTEWATER COMPONENTS

Air Blower

Tube Settler Media

Fine Bubble Diffusers

Coarse Bubble Diffusers

* All Other Supported
Accessories also
available.

INFINITY

Infinity Equipments provides end-to-end solutions for water and wastewater treatment plants. Our expertise spans a wide range of projects, from design and engineering to installation, commissioning, and maintenance.

Our Expertise Includes:

- RO Plants: Customized Reverse Osmosis systems for effective water purification.
- UF Systems: Ultra-filtration plants for high-quality water treatment.
- WTP: Water Treatment Plants designed to meet diverse water purification needs.
- ETP-STP: Complete solutions for Effluent and Sewage Treatment Plants, ensuring environmental compliance and water reuse.
- Full Turnkey Projects: We handle every aspect, including site survey, design, manufacturing, installation, and post-project support.

Our turnkey services ensure a seamless experience, delivering quality, cost-effective, and reliable water treatment systems. From concept to completion, we make sure your project is executed to the highest standards, on time and within budget.

**"Your Vision, Our Expertise
Together, We Build a Cleaner Future."**
